

EXTENSIONS OF REMARKS

STEM JOBS ACT OF 2012

SPEECH OF

HON. BRAD SHERMAN

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Friday, November 30, 2012

Mr. SHERMAN. Mr. Speaker, hundreds of millions of hard-working people who are citizens of foreign nations want to become Americans. That is a testament to the greatness of our country.

America can only accept a limited number of those who wish to move to our shores each year. Accordingly, we should provide visas in a manner that reflects they are a valuable asset to be allocated carefully.

I do not believe the Diversity Visa Lottery is a good way to allocate the inherently limited number of immigrant visas. I believe that a rational, well-designed immigration system would not include the Diversity Visa Lottery.

Given the political climate and legislative rules that we face, the passage of the bill before us on Friday, November 30, 2012, was not a step toward enacting a well-designed, rational immigration system. Nor was the Democratic Motion to Recommit likely to be the basis of a bipartisan reform bill. In any case, the bill will not be acted on by the Senate.

Some of the visas we allocate should go to those who can provide the investment capital to create jobs within the United States. Some of the visas should go for family unification and for the humane treatment of refugees and persecuted persons. And some visas should go to those who have talents and skills that our economy needs. However, we need a better system than the one provided in this bill.

I look forward to creating a rational immigration system in 2013.

Ms. ROYBAL-ALLARD. Mr. Speaker, I was out of town due to a family medical situation and was not present for rollcall votes Nos. 609 and 610 on Tuesday, November 27, 2012. Had I been present, I would have voted in this manner:

CELEBRATING THE SAN FRANCISCO GIANTS' 2012 WORLD SERIES VICTORY

HON. NANCY PELOSI

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, December 4, 2012

Ms. PELOSI. Mr. Speaker, I rise today to pay tribute to the 2012 World Series Champions, the San Francisco Giants. On October 28, 2012, the Giants defeated the Detroit Tigers by a score of four to three in game four to sweep the World Series, winning the franchise's second championship since the team moved to San Francisco from New York in 1958. By their tremendous victory, our Giants once again made us the proudest city in baseball.

This year, the Giants showed tenacity, heart, and teamwork on their path to victory. They unleashed their arsenal of reliable starting pitching, stellar relief pitching, heroic defense, and powerful hitting to outlast their rivals in the fiercely contested National League Western Division. Their performance was a portrait of grit and good sportsmanship from the first pitch through the last, and we celebrate them for their excellence on and off the field.

There is no one superstar on the Giants' roster; they are a band of brothers who "play for the name on the front of their jerseys, not the name on the back." Congratulations to all 25 players on the playoff roster, including World Series Most Valuable Player Pablo Sandoval, who demonstrated the true meaning of "Panda Power" to the rest of the country, and National League Most Valuable Player Buster Posey, as well as: Jeremy Affeldt, Madison Bumgarner, Matt Cain, Santiago Casilla, Tim Lincecum, Javier Lopez, Guillermo Mota, George Kontos, Sergio Romo, Barry Zito, Ryan Vogelsong, Marco Scutaro, Brandon Crawford, Gregor Blanco, Aubrey Huff, Brandon Belt, Hunter Pence, Angel Pagan, Hector Sanchez, Jose Mijares, Joaquin Arias, Ryan Theriot, and Xavier Nady.

This year's extraordinary win required a full team effort, from the field to the front office. While the players poured their hearts out on the diamond, the thanks and gratitude of all Giants fans also goes to the team's Chief Executive Officer Larry Baer, General Manager Brian Sabean, and Manager Bruce Bochy. Through their commitment, strategy, guidance, and dedication, the 2012 San Francisco Giants emerged as the 2012 World Series champions.

The San Francisco community united in support behind their team and an estimated one million fans turned out to celebrate their victory in a parade full of past and present San Francisco baseball legends. Congratulations to the passionate and devoted Giants fans in northern California, across the country, and around the world for their unrelenting support of the Giants.

HONORING OUR VETERANS AND THEIR FAMILIES THROUGH THE AMERICAN VETERANS TRAVELING TRIBUTE

HON. STEVE AUSTRIA

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Tuesday, December 4, 2012

Mr. AUSTRIA. Mr. Speaker, while we can never fully express the depth of our appreciation for those who have risked and given their lives to protect our freedoms, I rise today on behalf of the constituents of Ohio's Seventh Congressional District to recognize and honor our military veterans and their families through the American Veterans Traveling Tribute.

Our veterans have quietly gone to work and war so that Americans can freely pursue their

dreams. Their spouses have gone about the daily task of keeping the home fires burning, and have often sacrificed careers and other goals to provide stability at home during constant transitions. Furthermore, their children have learned to be resilient and appreciative of the cost of freedom. They are strong families who have contributed to our communities, and have defended our Constitution and freedoms.

The American Veterans Traveling Tribute is a mobile memorial dedicated primarily to the memory of fallen military members from Vietnam. The traveling unit centerpiece of a the American Veterans Traveling Tribute is a 380-foot exact replica of the Vietnam Memorial Wall, and the AVTT includes memorial displays honoring the veterans of World War 2, Korean War, the Gulf War, September 11th attack victims and the current War on Terror.

A non-profit event owned by a retired Army Vietnam veteran, there is a patch and coin available from the AVTT that is inscribed, "I touched the Wall; the Wall touched me." This motto was so very true for a small group of veterans and citizens in Greene County, Ohio who formed a committee and hosted the AVTT in Xenia from October 10–14, 2012. They physically touched the Wall, but their lives were touched forever along with the lives of thousands of visitors who came to Xenia to see the AVTT.

Tim and Susan Spradlin of Xenia proposed the project in August 2011. Tim is a retired Air Force Reserve first sergeant, a member of the Greene County Veterans Service Commission plus he and Susan are very active members of the Ohio Patriot Guard Riders. A veteran of combat in Iraq, Tim was frustrated by the fact that age and injuries caused him to retire from the reserve in late 2008 at age 49 after 30 total years of service. He found new ways to serve the military with the Patriot Guard and the veteran's commission. In 2010 Susan and Tim rode a PGR escort mission in Sidney, Ohio for the AVTT display there. On seeing the entire display Tim told his wife, "...Steve Molden would love this", and so the idea of hosting the AVTT in Xenia was first born.

Steve Molden is a Vietnam veteran in Xenia, who proudly served with the 3rd Brigade of the 82nd Airborne Division. Now retired from Greene County services department, Steve is also a former volunteer member of the Xenia Township Fire Department and Greene County Rescue, where Tim Spradlin had met him many years ago. For many years Steve had been frustrated in his efforts to organize Veterans Day and Memorial Day ceremonies or parades in Xenia. Tim was aware of Steve's frustration and wanted to do something special for Steve and other Vietnam veterans like him. Activated in 1991 for the Desert Shield / Desert Storm conflict, Tim never forgot that there were Vietnam veterans across the nation who stood up in support of the new generation of military, loudly proclaiming that these war vets would not be abused or mistreated as many Vietnam vets had been. Tim suggested to the Veterans Commission that they could host the AVTT, and the committee was born.

First to join the local AVTT committee was Steve Molden and veteran's service office director Lane Woodward. Lance is a disabled Navy veteran who was part of the AVTT display planning in Clermont County, Ohio in 2003. Susan followed her husband and

agreed to serve as the treasurer for the group, and Steve's wife Karen joined as the volunteer coordinator, to honor her husband and her uncle, member of the Order of the Purple Heart for wounds in Vietnam.

Steve Molden also brought his old friend Jim McMichaels on board. Jim is a Navy veteran of Vietnam, a high school classmate of Steve, and they both personally knew some of the 34 sons of Greene County who were killed in Vietnam, and whose names were engraved on the Wall. Other members of the community stepped up to serve also, including Jim Kennedy and Helena Curtis. Helena is a former deputy sheriff and cancer survivor whose spirit and dedication as unmatched. She said she was inspired to serve on the committee in honor of her father and grandfather who were military war veterans. Jim Madsen, a retired Air Force officer and federal civilian was proud to join the group and dedicated hundreds of hours, stating it was his personal way to say thank you, that he felt the need to do more since he had never been tasked to go to war during his service years.

As the committee worked for a year to plan the AVTT event many other citizens, spouses, veterans and business people joined the effort. For Susan Spradlin it was hard work but a labor of love, honoring her husband as an Iraq vet, a tribute to her late father who was a Navy veteran of Korea, and her brother who was disabled due to service in the Gulf War. Betty Zentiara is 80 years old, a Marine Corps veteran of Korea and dedicated many hours of her time to working in the kitchen at the event to serve refreshments to the many volunteers. Master Sergeant Jason Larimore, an active duty member from Wright-Patterson Air Force Base joined the effort and recruited many active duty Air Force personnel to man the Wall at night, providing security. David "Smitty" Smith, retired Greene County deputy sheriff and 101st Airborne veteran of Vietnam was very honored to serve and inspired to bring out his motorcycle ad joined the Ohio Patriot Guard Riders as a result of his experience on the AVTT committee. Marine veteran Ed Vance tearfully told his fellow committee members that the experience had "changed his life". There were two church pastors who participated in the event and ceremonies; both were also Vietnam veterans. Many fire and law enforcement personnel also got involved, notably Captain Doug Cope, a shift commander with the City of Xenia Fire Division and a veteran of the rescue team deployment to New York City after the September 11th attacks on the World Trade Center.

Steve and Karen Molden worked to create 34 plaques with the names, ranks, service information and dates for the Greene County citizens killed in Vietnam. These plaques were placed at the base of The Wall during the 4 day display, a touching personal memory of the local sacrifice paid by the community. Some of the families for those killed in action came to see the Wall in Xenia and they were presented with the plaque in honor of their fallen brother.

Over the 4 day display of the AVTT there was a motorcycle escort parade, music and concerts, a police and fire September 11th memorial service, and numerous interactions, reunions and fellowship. Steve Molden and Jim McMichaels were out at the Wall almost constantly, leaving late at night for some sleep and then back early the next day, walking, sit-

ting in a golf cart or on a bench, talking, teaching and sharing . . . not only were they paying tribute to the fallen, but they were honoring all veterans by educating others about Vietnam, the war and the people who fought it. Watching these veterans and others find healing through this project was so rewarding.

The pinnacle event was the military memorial service on Saturday October 13th. Guest speakers included Congressman Steve Austria, Ohio Patriot Guard captain Bob Woods (US Army Vietnam), AVTT owner Don Allen (US Army Vietnam) and Major General Ed Mechenbier, US Air Force Vietnam, who was shot down while flying an F4 aircraft and spent nearly 6 years in a POW cell. There was not a dry eye in the large crowd as the 34 names of Greene County KIA were read. "Sorry for crying, but I went to high school with some of these guys," explained a tearful Jim McMichaels as he and Vietnam vets Steve Molden, Sam Wallace, Pastor John Corcoran and Pastor Wes Barnhill read the details of the fallen. The end of the reading was followed by the USAF band, the bagpipes playing Amazing Grace and a bugler playing "Taps" as a memorial wreath was laid at the apex of the Wall. For Steve Molden, Tim Spradlin and Jim McMichaels it was the end of a long year, as they sat down on a park bench near the wall and shared tears of joy for the good they had done together, and the blessing of surviving their wars.

Inspired by the dedication and initiative of so many people, the Greene County Veterans Tribute Committee will continue to make a difference. After all the AVTT bills were paid, the committee donated part of their remaining funding to the Honor Flight program and part to the Wounded Warrior Project. The remainder will be kept in the non-profit endowment fund as the seed money for a new project; we have a vision to build a suitable large war memorial for all Greene County veterans and families on the lawn of the county courthouse. With the support of the community, the Members have no doubt that they can continue to serve local veterans, serve the community, the nation and with God's blessings create a permanent tribute to all Greene County citizens who have served in the United States Armed Forces or paid the ultimate cost of freedom.

I am grateful that Greene County, located within my district, was granted the opportunity to remember and celebrate the lives of veterans and first responders through the American Veterans Traveling Tribute. All those who worked to make this event happen are to be commended for their time and efforts. It was a bittersweet time to remember both those who came home from Vietnam and other wars as well as those who never had the chance.

Thus, today I ask my colleagues to join me and the constituents of Ohio's Seventh Congressional District in honoring our military veterans and their families for their continued and selfless service to the land of the free.

HONORING THE SONOMA COUNTY
HISPANIC CHAMBER OF COM-
MERCE

HON. MIKE THOMPSON

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, December 4, 2012

Mr. THOMPSON of California. Mr. Speaker, I rise today to honor The Sonoma Hispanic

County Chamber of Commerce, of Santa Rosa, California on the occasion of their 25th anniversary celebration.

The mission of the Hispanic Chamber of Commerce is to promote and support Sonoma County businesses with a commitment towards creating a healthy business environment through education, civic, and economic programs. They are an association of individuals, organizations, and business professionals working together to enhance our local economy and foster a positive cultural image.

The Hispanic Chamber of Commerce of Sonoma County was founded in the spring of 1987, and has since greatly expanded its membership and endeavors. Originally known as the Latino Breakfast Club, it formalized into a network of professionals, entrepreneurs, business people, and community leaders—Hispanic and non-Hispanic—who recognize the importance of the Hispanic community and its impact on society.

In the last 24 years, the Chamber has raised over \$280,000 for the Hispanic Chamber of Commerce Scholarship Fund, which has been distributed to over 300 students living in Sonoma County. These scholarships have helped many rising Latino students reach their goals by supporting their financial needs. Bilingual parent/student workshops were instituted in order to complement the scholarship program, and have since provided information on FAFSA, financial aid, and the college transition.

In order to get further involved in the community, the Sonoma County Chamber of Commerce established the Leadership Academy, modeled after the well-respected program developed by the Press Democrat, The Press Democrat Leadership Forum. The Leadership Academy was created with the objectives of encouraging a new generation of leaders in Sonoma County and facilitating an ongoing dialogue that helps members of the Hispanic Chamber of Commerce understand all the ways our hometowns are changing.

Members of the Sonoma County Hispanic Network have an opportunity to create a difference in the community. Through the membership their voices are heard in the political, social, economic, and educational arenas.

Mr. Speaker, it is appropriate at this time that we acknowledge The Sonoma County Hispanic Chamber of Commerce for their extraordinary work.

RECOGNIZING MR. WADE NORWOOD OF ROCHESTER, NEW YORK, WINNER OF THE "ROCK IN THE POND" AWARD

HON. LOUISE McINTOSH SLAUGHTER

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Tuesday, December 4, 2012

Ms. SLAUGHTER. Mr. Speaker, it is my esteemed honor to recognize Mr. Wade Norwood of the Finger Lakes Health Systems Agency (FLHSA) in Rochester, New York, who was today awarded the "Rock in the Pond" Unsung Heroes of Public Health Award by the Campaign for Public Health. I am immensely proud of Wade and the work that he and the FLHSA do for the citizens of Rochester.

Wade has dedicated his life to ensuring long-term community change for today's fami-

lies and future generations. When it comes to public health, he is a true "rock in the pond"—advocating for the betterment of our community, with a keen interest for the underserved and the most vulnerable. He gives a voice to those who do not have one, and advocates health care equity for all, whether in his role as Director of Community Engagement at the FLHSA, as Pastor of the Holy Jerusalem Spiritual Church in Rochester, NY, or as a member of the New York State Board of Regents.

At FLHSA, Wade plays a crucial role in convening programs that improve public health, such as the local Partnership for the Uninsured, the Rochester Area Task Force on AIDS, the Coalition to Prevent Lead Poisoning, the African-American Health Coalition and the Latino Health Coalition, and Healthi Kids, among others. He has been the face and voice of statewide health care improvement as he has led the FLHSA's effort to reduce health disparities, helping to shape the Agency's community engagement efforts and providing leadership to issues that have a tremendous impact on the health of the city of Rochester and the Finger Lakes region. He heads up a program called Healthi Kids, which advocates for policy changes that prevent childhood obesity, and which has resulted in returning recess into Rochester City School District (RCSD) elementary schools and working with the RCSD to provide healthier, more nutritional and culturally relevant meals during the school year and summer camps. As a result, approximately 30,000 children and youth receive healthier school meals daily.

Wade also convenes the Coalition to Prevent Lead Poisoning in Rochester, an education and advocacy organization composed of nearly 100 individuals and community organizations dedicated to eliminating childhood lead poisoning in Monroe County. The program received the U.S. Environmental Protection Agency's (EPA) Environmental Justice Achievement Award for its leadership in community-based efforts to prevent childhood lead poisoning. It has influenced major lead-related public policy changes, including a local lead ordinance requiring inspections for lead paint hazards.

Under Wade's leadership, the High Blood Pressure Collaborative aims to reduce the incidence of hypertension and its devastating effects (heart disease, kidney disease, and stroke) through a collaborative approach and community engagement. The program includes working with employers to establish worksite wellness initiatives, collaborating with faith and community based organizations in inner city neighborhoods where residents find barriers in accessing care, and working with health providers to improve their practices' control rate of high blood pressure. In 2012 alone, the Collaborative provided over 7,000 face-to-face blood pressure readings and consultations, and another 6,000 with kiosks strategically located in public facilities, such as libraries.

Wade has expanded the roles of the Health Disparities/African American and Latino Health Coalitions to ensure there is a community table that is truly representative, and that all voices are heard. Wade and the members of the coalitions address diseases of deep impact to minorities, which include metabolic syndrome and high blood pressure. This effort included engaging 19 churches—including his own—with a membership in excess of 5,000

minority congregants, to engage in screening and health literacy programs.

Wade also led the Partnership on the Uninsured in its evaluation of insurance coverage barriers, defining community-wide strategies to address these barriers, and implementing a strategic approach to diminishing the number of those without health insurance.

Whether it is through his extensive work with FLHSA, on volunteer boards, in his parish, or in the many civic roles he holds, Wade embodies the "Rock in the Pond" award he has received. He makes a difference in the health and well-being of all in our community. I ask my colleagues to join me in honoring Mr. Wade Norwood for his commitment, his selflessness, and his passion to improve the health and lives of all those around him.

HONORING NATHAN WILONDEK

HON. ROBERT E. LATTA

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Tuesday, December 4, 2012

Mr. LATTA. Mr. Speaker, I rise today to recognize Mr. Nathan Wilondek, of Defiance Ohio. Mr. Wilondek was awarded the Distinguished Flying Cross on Monday, November 12 during a Veterans Day program at Tinora High School.

The Distinguished Flying Cross (DFC) is a military decoration awarded to any officer or enlisted member of the United States Armed Forces who distinguishes himself or herself in support of operations by "heroism or extraordinary achievement while participating in an aerial flight, subsequent to November 11, 1918."

Wilondek was a Warrant Office 1 helicopter pilot serving in the Republic of Vietnam. On August 18, 1969, WO1 Wilondek volunteered along with his crew to fly a resupply mission to an infantry company that had become completely surrounded by the NVA. Without gunship cover WO1 Wilondek and his crew (Wallace Honda, Stewart Brooks, and Terry Paxton) flew nap of the earth down a hillside and hovered the UH-1 Huey low enough to drop ammo and supplies to the embattled infantrymen.

The entire time the re-supply was happening the NVA were hitting the helicopter with accurate small arms fire, and WO1 Wilondek's door gunner was unable to return fire because the US troops were too closely intermingled with NVA in close combat. It was determined that without the re-supply effort of WO1 Wilondek and his crew, the infantry unit would have been completely overrun by NVA, instead they survived. Mr. Wilondek is awarded this DFC for his heroism that day.

Mr. Speaker, I ask my colleagues to join me in the acknowledgment of Nathan Wilondek's heroism and recognize his service and dedication to our country.

INTRODUCTION OF RESOLUTION TO CREATE A HOUSE SELECT COMMITTEE ON THE TERRORIST ATTACK ON THE U.S. CONSULATE IN BENGHAZI, LIBYA

HON. FRANK R. WOLF

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, December 4, 2012

Mr. WOLF. Mr. Speaker, today I have introduced a resolution to establish a House Select Committee on the Terrorist Attack in Benghazi to ensure a unified investigation of the attack and the Obama Administration's response. A select committee is essential to combine the myriad existing investigations into a single, comprehensive and exhaustive review. I believe such a combined effort will yield even more information regarding the true nature of these terrorist attacks and the administration's response.

More than 80 days have passed since the terrorist attack on the U.S. consulate and annex that occurred during the late evening and early morning hours of September 11–12. The attack took the lives of four Americans, including a U.S. ambassador—the first ambassador to be killed in the line of duty since 1979. Yet the American people still have been told little about the timeline of this attack and the administration's response in the hours,

days and weeks following. The American people still haven't been provided answers to serious questions. For example, why was additional security denied to the ambassador? What intelligence was known about the threat prior to the attacks? There are also serious questions about links of this terrorist attack to the protests at the U.S. embassies in Cairo, Egypt, Tunis, Tunisia and Sanaa, Yemen that same week—where each American compound was breached by individuals allegedly linked to al Qaeda-affiliated groups. What, if any, were the connections between these incidents and the attack in Benghazi?

These questions are too serious—and the consequences too grave—to be brushed aside. There are critical legislative decisions the next Congress will have to make based on the answers of these questions. But more importantly, the American people deserve answers to these questions—including open hearings and an unclassified report.

The select committee I am proposing should draw from the existing congressional investigations by including the chairman and ranking member of each committee of jurisdiction—Intelligence, Foreign Affairs, Judiciary, Armed Services and Oversight and Government Reform—as well as five additional Republicans appointed by the Speaker and two additional Democrats appointed by the Minority Leader.

I appreciate the support I have received for this resolution from the original cosponsors, as well as the Heritage Foundation. I also submit for the record a recent op-ed that was published on RealClearPolitics.com by former Senator Fred Thompson articulating the benefits of a unified select committee. Senator Thompson has a unique perspective on the need for this committee given his experience as counsel on the Senate select committee on Watergate.

Mr. Speaker, we owe it to the families of the victims, and the American people, to fully investigate this terrorist attack. I urge my colleagues to support this resolution.

INVESTIGATING BENGHAZI: WHY WE NEED A
SELECT COMMITTEE
(By Fred Thompson)

As we fixate on the latest version of Gen. David Petraeus' testimony or the misleading statements of Susan Rice, I suggest that we stop and think about the size of what we are dealing with. The Benghazi tragedy raises questions concerning the protection of our embassies, the performance and capabilities of our military and our intelligence community, as well as the decisions of high-ranking officials in the Department of Defense, the State Department, the White House and possibly the Justice Department.

The scope of the questions that involve an array of officials, and sensitive agencies and departments of our government, is unprecedented. The inquiry into what happened and why, along with who is or should be accountable, calls for a focused, responsible effort equal to the seriousness and the complexities the issues.

I've seen this rodeo before, both in a constructive manner (Watergate, where I served as a counsel) and a less-than-constructive one (Clinton-era investigations, where I chaired a committee that probed at least one facet of the various scandals). On our present course, the prospects for a relatively short but thorough, credible, bipartisan congressional investigation are not good. The prospects for a disjointed, drawn-out mess, re-

plete with partisan bickering, are much better.

It is easy to identify at least eight congressional committees (four in each chamber) with claims of jurisdiction in the Benghazi matter. No committee has jurisdiction over all of it, and several committees have jurisdiction over parts that overlap with the jurisdictions of other committees. Some of the committee hearings will involve classified information and will be conducted behind closed doors. Members of "Committee A" will not know what a witness told "Committee B" in a closed hearing. Gen. Petraeus' recent appearance on Capitol Hill demonstrates how difficult it can be to get a consistent story when the witness is making multiple appearances before even the same committee.

Perhaps not all committees with jurisdiction will have hearings, but if half of them do it will produce competing hearings, with competing staffs and competing press conferences over much of Capitol Hill. It will also take longer than necessary, as government officials shuffle back and forth giving repeat performances. Different committee chairmen and their committees will make different rulings on document production, whether to move for immunity for witnesses who refuse to testify on the basis of the 5th Amendment, and a host of other matters.

This is simply not the most efficient and credible way to proceed. And it is less likely to arrive at the truth. The seriousness of the matter calls for something better. It calls for a select committee that is given a specific mandate, a budget and a cut-off date that can be adjusted if it is agreed upon. It needs to be comprised of members of both parties who have been selected by their leadership because of their proven integrity, reputation for fairness, and expertise in a given area.

In a matter fraught with political implications, it is especially important that Congress accept its responsibility and minimize partisanship as much as possible. History demonstrates that this goal is much easier to achieve with a handful of selected people than it is with many. Since 1789, when Congress investigated a failed military expedition, select committees have been utilized to serve such important and sensitive functions, and the Benghazi matter should follow in that long tradition, whether by means of a joint committee of both houses of Congress or by either chamber.

Most select committees have become historical footnotes. Some, however, are well remembered because of the contribution they made to helping Congress carry out its duties of legislating, overseeing the executive branch and educating the American people as to the operation of their government. Ironically, it is because of the success of these panels that some members of Congress and others oppose the formation of one in this case.

They say that forming a select committee for a matter such as Benghazi, where a consulate and four American lives were lost, would attach too much importance to the investigation. They fear that it would be equating it with Watergate. Of course, if the Watergate standard, as they define it, is now the operative standard for the formation of a select committee, then seldom, if ever, will another select committee be formed.

Critics of the select committee miss the point on several levels. First of all, if indeed a comparison is to be made, one must look at the seriousness of facts and issues presented concerning Benghazi and compare them with the seriousness of facts and issues presented at the times when other select committees, such as Watergate, were formed. So compare the Watergate burglary with what we have here. Can there be any doubt that Benghazi passes the Watergate test?

The wisdom of utilizing a select committee should not just be judged on the outcome of the committee's work; dramatic results are not always achieved or warranted. The select Watergate Committee is a beneficial reference point, not because of the end result of its investigation a year and a half after it was formed, but because of the process Congress utilized to deal with a difficult situation.

At that time, we had a Republican president and a Congress controlled by the Democrats. Yet the Senate voted unanimously to form the committee. Democratic leadership appointed Sen. Sam Ervin, reputed to be the chamber's leading constitutional scholar, to chair the committee. The Republican leader appointed Sen. Howard Baker to be the vice chairman and leading member of his party on the committee—a senator who was respected on both sides of the aisle. These men protected the legitimate partisan interests of their respective parties and the path was not always smooth, especially behind closed doors, but they understood that their colleagues, as well as the nation, were depending upon them to be responsible and seek the truth. Authority and accountability were clearly placed on the committee, and its members performed accordingly.

Select committees are not perfect creations by any means. A clear narrative is often difficult to produce under any circumstances. However, a select committee is simply much more likely to produce focused and credible results. Soon we will see if the United States Congress is still capable of coming together toward the common goal of getting to the bottom of a very serious matter. Or, are decisions about select committees simply reflective of positions based upon whose ox is in danger of being gored?

TRIBUTE TO ANN DAWSON
AUGUST

HON. JAMES E. CLYBURN

OF SOUTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, December 4, 2012

Mr. CLYBURN. Mr. Speaker, it is a bittersweet occasion as I rise today to congratulate Ms. Ann Dawson August on being named Executive Director of the Birmingham-Jefferson County Transit Authority in Birmingham, Alabama. As she accepts this position, she is leaving the Santee-Wateree Regional Transportation Authority (SWRTA) in Sumter, South Carolina, where she has served as the Executive Director of SWRTA for the past 11 years. She leaves behind a stellar record and will be sorely missed.

A native of Sumter, South Carolina, Ms. August spent 39 years in Philadelphia, where she attended public schools and La Salle University before working for 13 years for the Southeastern Pennsylvania Transportation Authority (SEPTA), the fifth largest transit authority in the country. In 1997, she demonstrated her versatility when she transferred her talents from the urban SEPTA system to SWRTA, the second largest urban and rural transportation authority in South Carolina.

Ann's service in the transportation arena has extended far beyond SWRTA. She is a member of the Sumter County Transportation Committee and the Transportation Research Analysis Committee for the Transportation Research Board in Washington, DC. From 2009 to 2011, she was the Chair of the Transit Cooperative Research Program Oversight and

Project Selection Committee, and she is currently the Southeast Regional Director of the Community Transportation Association of America.

Ms. August has garnered media acclaim during this distinguished career. In 2007, SWRTA was featured in Mass Transit Magazine, and in 2008, Ms. August contributed to the magazine's "Manager's Forum" on the topic "How a Board Can Help Directors Manage Systems."

An asset to the community in numerous capacities outside of transportation, Ms. August previously served as Vice President of the YWCA of the Upper Lowlands Membership Committee and is the immediate past Chair of the United Way of Sumter. She served 30 years in the Army Reserves, retiring in 2004. Ann is married to Henry August Jr., a transportation professional who retired from SEPTA after serving 35 years in the industry; they have two adult children and five grandchildren.

Mr. Speaker, Ms. August will be missed in South Carolina, but I have no doubt that our loss will be Alabama's gain. I ask that you and my colleagues join me in wishing Ms. Ann Dawson August all the best and Godspeed in her future endeavors.

HONORING OFFICER THOMAS
DECKER UPON HIS DEATH

HON. MICHELE BACHMANN

OF MINNESOTA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, December 4, 2012

Mrs. BACHMANN. Mr. Speaker, I rise today to honor Officer Thomas Decker of the Cold Springs Police Department. On November 29, Officer Decker was killed in the line of duty while trying to help a man believed to be suicidal.

Officer Decker was a Minnesota boy through and through, growing up on a dairy farm near Cold Spring. After attending Rocori High School, he went on to serve as a police officer for 10 years, serving in the communities of Isle, Watkins, Kimball, and the Cold Spring/Richmond Police Department. He bravely served the citizens of central Minnesota and those who knew him called him a hero who loved his family. He leaves behind a wife, four young children, parents, siblings and a community who loved him.

Officer Decker's death tears at the heartstrings of a small town who knows all too well the sting of heartbreaking tragedy. This community lost another son to senseless bloodshed. It is hard to grasp why such violence occurs, but it is important that friends and neighbors stick together in these trying times. My thoughts and prayers are with the Decker family as they deal with this painful loss, especially five-year-old Devon, six-year-old Justin, seven-year-old Jade and eight-year-old Kelly.

Mr. Speaker, I ask this body join with me in mourning the loss of this brave and noble police officer who represented not only Minnesota, but a force which protects citizens across this great country.

IN THE HOUSE OF REPRESENTATIVES

Tuesday, December 4, 2012

Mr. PERLMUTTER. Mr. Speaker, I rise today to recognize and applaud LT Environmental, Inc. for providing decades of expertise through innovative technologies in helping our citizens identify and eliminate environmental liabilities.

Since 1992, LT Environmental or LTE, has performed environmental consulting services for a diverse range of industries including oil and gas, transportation, manufacturing, real estate, government, and public and private property owners. The high level of devotion LTE has shown to our communities serves as a prime example of their quality service.

otherwise had to close their doors, to ensure the safety of their employees and the environment alike. Sustainable and environmentally-conscious practices have been a top priority for LTE since its foundation. Certainly, without companies like LTE, the citizens of Colorado would not be able to enjoy the beautiful lands we have all come to know and love.

The list of awards and recognitions received by LTE serves as a testament to the ongoing successes of LTE. Most notably, the company is the recent recipient of the both the 2012 Top Company award and the 2012 Colorado Company to Watch. It has also been recognized by Colorado Biz Magazine as one of the top ten fastest growing private midsize companies in Denver.

I am very proud to have the LTE headquarters located in Arvada, Colorado. LTE continues to expand its outreach into all areas of Colorado, as well as New Mexico, Wyoming, Idaho, Utah and Florida. I can confidently say that my colleagues here today will soon observe the benefits of having LTE serve in their communities.

Mr. GEORGE MILLER of California. Mr. Speaker, I rise today with my colleague, Congressman MIKE THOMPSON, to recognize the many accomplishments of Solano County Supervisor Barbara Kondylis as she retires after twenty years of distinguished service on the Solano County Board of Supervisors.

Barbara as born in Seymour, Indiana, and raised in Port Jefferson on Long Island, NY. In 1969, Barbara moved to Vallejo with her husband Gabriel. Barbara completed her education in the Bay Area, earning a Bachelor's Degree in Public Administration from the University of San Francisco and a Master's Degree in Public Administration from California State University, Hayward.

Barbara won a Vallejo City Council seat in 1979 and served for nine years. She then turned her attention to the Solano County Board of Supervisors, winning the seat in 1992. Barbara was motivated to run because she was concerned about government process and land use decisions that threatened Solano County's environment, as well as the plight of women and children, particularly issues of family violence, poverty, and family planning.

Barbara has accomplished much on behalf of Solano County's children and families. She established the Office and Family Violence Prevention, the Family Justice Center, and Baby Coach, an innovative program to ensure good outcomes for high risk mothers and their babies. Barbara also successfully promoted AB 2010, which passed the California Legislature, allowing Solano County to charge Vital Records Fees, increasing revenue \$80,000 a year directed to reduce family violence. She helped implement Court Appointed Special Advocates who have helped hundreds of children going through dependency court. Barbara also proposed and initiated "Smile in Style" which provided dental screenings and other services to thousands of elementary school children, allowing many to get emergency dental care.

During her long career, Barbara has served on many local and regional boards including the Solano County Water Authority, City-County Coordinating Committee, San Francisco Bay Conservation and Development Commission, Mare Island Re-Use Committee, Health and Social Services Sub-Committee, Tri City-County JPA for Agriculture Lands and Open Space Preservation, Vallejo Sanitation and Flood Control District Board, Vallejo Justice Committee, California State Association of Counties Board of Directors and Executive Committee, Solano County Children and Families First Commission, Baby First Solano, Association of Bay Area Government Board, Delta Protection Commission, and California State Association of Counties Condition of Children Taskforce.

Mr. Speaker, we invite this chamber to join us in honoring Supervisor Barbara Kondylis for her tireless and dedicated service to the people of Solano County. We also join her family, colleagues, and friends in congratulating her on a successful and fulfilling career as an elected official and wish her the very best in her future endeavors.

HONORING DENNIS ROTH ON THE
OCCASION OF HIS RETIREMENT
FROM THE CONGRESSIONAL RE-
SEARCH SERVICE

HON. MICHAEL M. HONDA

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, December 4, 2012

Mr. HONDA. Mr. Speaker, I rise to acknowledge the outstanding career of a dedicated public servant from the Congressional Research Service, Dennis Roth. Mr. Roth is retiring in January after 42 years of public service.

Mr. Roth came to the Congressional Research Service in 1976 as a labor economist, working in what was the CRS Economics Division. Mr. Roth rose steadily through the ranks, becoming one of that division's first section heads. During this time, Mr. Roth worked closely with Members of both houses of Congress and their staff, providing valuable research and analysis for one of the era's landmark pieces of legislation, the Humphries-Hawkins Full Employment Act. Among its provisions, the Act set national goals for full employment and mandated that the Federal Reserve establish policies that not only controlled inflation, but also encouraged long-term economic growth and price stability; a mandate that guides the Federal Reserve to this day as it navigates the troubled economic environment in which we currently find ourselves.

In the 1980's, while maintaining his workload as a labor economist at CRS, Mr. Roth became active in the Congressional Research Employees Association (CREA). In 1986, Mr. Roth ran for President of the Association, but lost on his first try. He ran again in 1987, and this time he won. The employees at CRS demonstrated their confidence in his stewardship by returning him to office each year since. For 25 years, Mr. Roth has been a tireless advocate for the rights, goals, and aspirations of all employees at the Congressional Research Service. In his spare time, he has also been active in the Federal Caucus of the International Federation of Professional and Technical Engineers (the IFPTE), with which CREA is affiliated, and which represents a broad segment of the federal workforce. In 1990, Mr. Roth was elected IFPTE Eastern Federal Area Vice President, a position in which he served until July of 1997. He was also elected as Executive Vice President of IFPTE in 1994 and served until July 1997.

Mr. Roth grew up outside Carlisle, Pennsylvania. He graduated from Antioch College in 1968. He immediately joined the Peace Corps, serving in Catanduanes in the Philippine Republic where he taught math and worked in the areas of economic and agricultural development. In fact, Mr. Roth met his wife-to-be Daisy while he was a Peace Corps volunteer. The two wed and, at the end of his Peace Corps tour, they returned to the States, where Mr. Roth attended the University of California, Berkeley and completed the academic requirements for a Ph.D. in Economics. Before coming to CRS, Mr. Roth also served in the Department of Labor, working as an economist for the Assistant Secretary for Policy, Evaluation, and Research. Mr. and Mrs. Roth have two grown children, Jessica and Benjamin.

As Ranking Member of the Legislative Branch Appropriations Subcommittee, I take great pride in all of the outstanding people

who choose to work for this august body and help us do our jobs better. On behalf of my colleagues, I congratulate Mr. Roth on his many years of exceptional service to this Congress, to the people of the United States, and the employees of the Congressional Research Service; and as a fellow Returned Peace Corps Volunteers, I thank him for his service to the people of Catanduanes Island. He epitomizes the highest ideals of public service. We wish him all the best.

THE PASSING OF MR. LOWELL O. SCHUSTER

HON. DONNA M. CHRISTENSEN

OF THE VIRGIN ISLANDS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, December 4, 2012

Mrs. CHRISTENSEN. Mr. Speaker, I come before the House with a heavy heart to express my condolences and pay tribute to Mr. Lowell O. Schuster a beloved Virgin Islander, loving husband, devoted father, veteran, teacher, businessman, community leader and very dear friend.

Lowell Schuster was born in Christiansted, St. Croix, U.S. Virgin Islands, on November 12, 1928 to Mr. Eugene and Mrs. Enid Schuster of Christiansted, St. Croix. Mr. Schuster attended St. Mary's Catholic School and The Christiansted High School. After graduation from high school, he enrolled at Howard University in Washington, DC, where he received a Bachelor of Science degree in Psychology. While attending Howard University he entered the Reserve Officers' Training Corps. Following his graduation from Howard University, he entered the United States Army as an officer with the rank of Second Lieutenant.

Mr. Schuster had a distinguished military career. He was stationed in Germany where he bravely served during the Cold War. On May 9, 1955, he was promoted to First Lieutenant of the United States Army and was granted Top Security clearance. He became Infantry Unit Commander and led the troops on daily patrols along the West Germany-East Germany border. On November 26, 1958, Mr. Schuster was granted an Honorable Discharge. In recognition of his military service, he received the National Defense Service Medal. Mr. Schuster continued his service to our Nation by entering the Army Reserves where he was promoted to Captain. He also became active with the U.S. Virgin Islands National Guard. He was honorably discharged from the United States Army Reserves on February 10, 1969.

During his tenure in the Reserves, Mr. Schuster began his second career as a teacher at the Christiansted High School. He again distinguished himself as an educator and within a short period of time was promoted to Assistant Principal and later became Acting Principal. After his father became ill, he resigned from his position to enter the world of business, taking over the operations of Schuster's Services, the largest fully integrated water company in the Virgin Islands. He further expanded the business to include the bottling of water and named it Blue Mountain Water, now Blue Mountain Purified Water, LLC.

These water companies were Mr. Schuster's pride and joy. He looked forward to going to the office every morning, working tirelessly, and returning home to his family. Blue Mountain Purified Water, LLC remains the first bottled water company in the Virgin Islands and the largest of its kind on St. Croix. Schuster's Services is one of the oldest businesses in the U.S. Virgin Islands.

Of all of his accomplishments, his greatest was being a devoted husband and father. Mr. Schuster married the love of his life and high school sweetheart, Rita M. de Chabert, after entering the armed services. They started their family while he was stationed in Germany. Mr. Schuster and his wife were married for 58 years and raised 4 children—Gregory, Janine, Kenneth and Troy. They are the proud grandparents of three grandchildren.

On behalf of my family, staff and the Congress of the United States, I extend our sincere condolences and want the family to know that our thoughts and prayers are with them as we mourn the passing of a great man. We cannot replace Lowell but we will attempt to improve our lives and live our lives as demonstrated by his great example.

CONGRATULATING THE REPUBLIC
OF CYPRUS ON ITS PRESIDENCY
OF THE EUROPEAN UNION (EU)

HON. SHELLEY BERKLEY

OF NEVADA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, December 4, 2012

Ms. BERKLEY. Mr. Speaker, today I would like to honor the Republic of Cyprus as its first six-month rotation of the European Union Presidency comes to a close. The EU Presidency is a significant event in the history of this nation with which the United States has such a close relationship.

This small, but vigorous country has overseen a number of historic events during its tenure in the Presidency. Most notably, the EU approved a new round of sanctions against Iran. These sanctions are the toughest measures imposed by the EU to date and target Iran's nuclear and ballistic missile program. The sanctions ban financial transactions, prohibit the export to Iran of materials that could be used for its nuclear and ballistic program, ban the importation of natural gas from Iran, and impose an asset freeze and travel ban on 34 additional Iranian entities reportedly providing financial support to the Iranian government. I would like to congratulate the Republic of Cyprus for overseeing the enactment of these sanctions as they will work in tandem with the strong US sanctions imposed against Iran. This is a critically important step that will help to keep the rulers of Iran from fulfilling their quest for nuclear weapons. Furthermore, it will help to ensure the security of our strongest ally in the region, Israel, by maintaining regional stability. Again, I extend my sincere congratulations to the Republic of Cyprus on a successful EU Presidency.

DR. FREDERICK L. GROVER, MD

HON. ED PERLMUTTER

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Tuesday, December 4, 2012

Mr. PERLMUTTER. Mr. Speaker, I rise today to recognize and applaud Dr. Frederick Grover for his service to our community.

After serving in the Navy, Dr. Grover diligently worked to ensure the future of cardiothoracic medicine. Throughout his career, Dr. Grover trained and mentored over 39 thoracic surgery residents. As the Chair of the Department of Surgery at the University Colorado School of Medicine, Dr. Grover preserved the success of our medical communities for generations to come. RECOGNIZING CENTRAL SERVICE
TECHNICIANS

HON. BILLY LONG

OF MISSOURI

IN THE HOUSE OF REPRESENTATIVES

Tuesday, December 4, 2012

Mr. LONG. Mr. Speaker, I rise today to recognize Central Service Technicians.

Central Service Technicians are responsible for processing surgical instruments, supplies and equipment, and serve in settings ranging from hospitals to ambulatory surgical centers throughout the country.

These individuals provide support to patient care services and are tasked with ensuring supplies needed for patient care are decontaminated, cleaned, assembled, and sterilized.

The Central Sterile Supply Department of a health care facility is the heart of all activity surrounding instruments, supplies and equipment required for operating rooms, Endoscopy suites, Intensive Care Units, birth centers and other patient care areas.

Central Service Technicians play an important role in patient care arenas, and are responsible for first-line processes to prevent patient infections.

Mr. Speaker, Central Service Technicians are instrumental to patient safety and I am honored to recognize their vital role in the health care arena.

IN HONOR OF THOMAS MCKENNON
"KEN" SHEA

HON. MIKE ROSS

OF ARKANSAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, December 4, 2012

Mr. ROSS of Arkansas. Mr. Speaker, I rise today to honor the life of Thomas McKennon "Ken" Shea, a life-long resident of Dumas, Arkansas, who passed away at the age of 58 on November 29, 2012. Ken was born on August 9, 1954 in Dumas, Arkansas and I would like to recognize his life and achievements.

Raised in Dumas, Arkansas, Ken attended Dumas High School and earned a bachelor's degree from Louisiana State University, where he was a member of Kappa Sigma fraternity. Ken returned to Dumas after graduating from LSU to become associated with his father at McKennon Implement Co. Inc, the family's John Deere farm equipment dealership, and served as president and sales manager there while helping to oversee his family's farming interests. Following the sale of the McKennon

dealerships Arkansas Ag in 2011, he was Location Manager for Arkansas Ag in McGehee. He was a past president of the Southeast Equipment Dealers Association.

Ken led an exemplary life and was extremely active in many different capacities. He was past president of the Dumas Chamber of Commerce, Dumas Lions Club, and Walnut Lake Country Club Boar. He served as chairman of the Dumas Airport Commission, on the Chicot-Desha Metropolitan Port Authority (Yellow Bend Port) and on the Dumas School Board. He represented the Dumas area on the Southeast Arkansas Levee District Board and had been a member of the AgHeritage Farm Credit Services Board of Directors since 1993. Ken was chosen as the Ding Dong Daddy of Dumas for 1996 and was named Dumas Lions Club Man of the Year in 1993, the same year his wife Debbie was honored as Woman of the Year at the annual Dumas Chamber of Commerce banquet.

Ken was also very active at the First United Methodist Church where he served as past chairman of the Administrative Board, a member of the governing council, and a Sunday School teacher.

Leading by example through a lifetime of dedication, community service, and commitment to agriculture, Ken has left an undeniable mark on the Desha County community. Dumas is a better place, more cohesive community because of Ken Shea and he will be deeply missed. My heartfelt condolences are with his wife of 35 years, Debbie; his son, the Rev. Thomas McKennon Shea Jr. and wife Anna Collins Shea; his daughter, Sarah Helen Shea Studebaker and husband Peyton Mills Studebaker; his brother, William Warrick "Bill" Shea; his sister, Anne Shea Carroll; and his two grandchildren, Jackson Reade Studebaker and Thomas McKennon "Mac" Shea, III. TRIBUTE TO TOM VICINI

HON. HAROLD ROGERS

OF KENTUCKY

IN THE HOUSE OF REPRESENTATIVES

Tuesday, December 4, 2012

Mr. ROGERS of Kentucky. Mr. Speaker, I rise today to pay tribute to my good friend, Tom Vicini, for his tremendous leadership and tireless dedication to inspire young people in southern and eastern Kentucky live a drug-free life.

In recent years, Tom has witnessed the devastating effects of the prescription drug epidemic in his hometown of Lynch, Kentucky and across our rural region. Rather than quietly standing by, Tom has committed his life to making a difference both as a selfless community leader and a compassionate little league coach.

After earning a Bachelor's degree in Business Administration from the University of Kentucky, Tom returned to Lynch where he worked in the private sector and served as Mayor for 13 years without taking a salary, due to tight budgets. He is now a Coalition Coordinator for Operation UNITE, a non-profit organization designed to combat substance abuse through law enforcement, treatment and education, serving the Fifth Congressional District of Kentucky. Through his work with UNITE, Tom helps coordinate community anti-drug events and reaches out to families and individuals grappling with addiction on a daily basis.

For the last 34 years, Tom has spent his evenings and weekends coaching little league baseball, a lifelong passion. Tom is more than a successful coach, however. He is also an excellent mentor and role model, encouraging players to stay off drugs, make healthy life choices, and never give up. Tom makes sure that every child gets to play, regardless of talent. All he asks for in return is that they give their best effort on the field. Additionally, Tom organizes free baseball camps for youth and assists with various drug-free programs, including Shoot Hoops Not Drugs and Hooked on Fishing—Not on Drugs. In honor of his contributions to the sport of baseball, Tom received the 2012 Major League Baseball Commissioner's Play Healthy Award through the Partnership at DrugFree.org in conjunction with MLB Charities.

Tom's talents far exceed his boundaries, yet he is determined to help transform his small community and our rural region of southern and eastern Kentucky. As some of those same little league players have grown up, Tom has encountered a few in handcuffs during drug roundups, but his immediate response is to kneel down beside them in prayer, offering words of encouragement. It is his courage of conviction and steadfast resolve to help those in need that drive his unwavering kindred spirit. His message of hope and perseverance in the face of adversity is manifested every day through his tireless effort to encourage the youth of his community to reach for a brighter future.

Mr. Speaker, I ask my colleagues to join me in honoring Tom Vicini for receiving the MLB Commissioner's Play Healthy Award, and for his unwavering commitment to the youth of Harlan County.

THE IMPENDING FISCAL CLIFF NEGOTIATIONS AND THE EXTENSION OF TAX CUTS FOR THE MIDDLE CLASS

HON. AL GREEN

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, December 4, 2012

Mr. AL GREEN of Texas. Mr. Speaker, as Congress and the President continue to move toward a compromise addressing the "Fiscal Cliff," I support a balanced approach that creates jobs and supports long-term economic growth. A key component of sustained economic growth is the extension of the current tax rates for middle class Americans. Furthermore, I support an approach that boosts the confidence of small business owners and provides them with the certitude they need to meet the demands of a recovering economy. Congress must support an approach that avoids the harmful sequestration spending cuts that may affect nearly every sector of our economy and threaten our economic recovery. It is my hope that my colleagues and I can act as partners in promoting economic fairness that will steer America toward a brighter future.

JESSICA FORD

HON. TED POE

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, December 4, 2012

Mr. POE of Texas. Mr. Speaker, Jessica Ford had big dreams of becoming a doctor when she was growing up. Like many young girls, Jessica was just trying to find her way in life when she ran away from home. After she ran away, she met a man who made her feel safe. He claimed to have all the answers to her problems. She fell in love. Unfortunately, Jessica didn't realize she was falling in love with a predator.

Unbeknownst to Jessica, her new love identified her as prey and lured her in to his control by taking advantage of her vulnerability. Before she knew what was happening, she was his slave—threatened, raped and forced into prostitution. Her predator sold her for sex in her city and trafficked her in other places. This nightmare—living in slavery—lasted for thirteen years.

Jessica lived in constant fear of the men who owned her during those years. Not only did they steal her childhood, they stole her identity. She was an object to them, sold on an underground market just like any other commodity in demand. The sick reality of this market is best explained by Assistant U.S. Attorney Sherri Zack: "With selling a girl there's a huge advantage. After you sell a kilo of cocaine, you have to then buy another kilo of cocaine, but you can sell a girl or boy over and over again. It's an incredible renewable resource." Jessica's nightmare didn't start in a third world country; it started right here in Houston, Texas.

Human trafficking is the second largest organized crime business in the world, gener-

ating \$32 billion a year. This dastardly deed occurs all over the world, but most people don't know that it occurs right here in the United States. Unfortunately, Texas has become a hub for human trafficking—in 2007 nearly 1/3 of the calls to the National Human Trafficking Hotline came from our state. The many interstates, airports and ports in Houston make our city convenient for traffickers. Trafficking rings operate in places that you see along the streets in our communities, like some massage parlors where women are sold for sex. This modern day slave trade occurs right in our own backyard. It seems like a Hollywood movie, but this is reality.

There are many faces of trafficking victims, but typically the victims are women—both adult and child. In less frequent instances, the victims are men. Some are people who are smuggled here from another country believing they will have a job. Others are vulnerable American children. In many cases, these victims are forced into sex and/or labor trafficking to repay a debt. Sadly, too many of them are treated as criminals and not what they really are—victims of crime.

When I came to Congress, I founded the bipartisan Congressional Victims Rights Caucus. The Caucus works to bring attention to human trafficking. Legislatively, the Trafficking Victims Protection Act has brought about considerable changes in the way that the federal government responds to trafficking and coordination worldwide. We are working towards reauthorizing this important bill.

On the state and local levels, Texas has taken significant steps forward to prevent trafficking, prosecute traffickers, and help victims. In Harris County, Precinct 4 Constable Ron Hickman and County Attorney Vince Ryan have made cracking down on human trafficking a top priority. They're working hard to close illegitimate businesses and arrest and prosecute those exploiting the vulnerable. The biggest challenge we face to battling this crime is the endless demand by customers.

Human Trafficking is modern day slavery. It's a human rights issue. Bringing awareness to the problem is the first step. We must continue to tell stories like Jessica's. Collaboration between federal, state and local governments is also key. Together, we can strengthen penalties for traffickers and buyers. And most importantly, we can't forget that those who have been trafficked are the victims. We must treat them like victims. They need assistance as they recover from servitude and rebuild their lives. Together we can eradicate the scourge of human trafficking. And that's just the way it is.

IN HONOR OF MARIO GUILIO MUSCIANO, SR.

HON. ROBERT E. ANDREWS

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Tuesday, December 4, 2012

Mr. ANDREWS. Mr. Speaker, I rise today to honor the beloved Mario Guilio Musciano, Sr. of Somerdale, New Jersey who passed away on Friday, November 23rd, 2012.

Born and raised in Camden, Mr. Musciano's life has been an inspiration to the citizens of South Jersey. As a United States Army veteran, he served with distinction during World

War II, rising to the rank of sergeant as he fought to protect the freedoms that we all, as Americans, cherish. He survived the December 7th attack on Pearl Harbor and has, for over a decade, been an honored speaker at the annual Pearl Harbor Remembrance Ceremony held aboard the USS *New Jersey*.

A self-employed entrepreneur, Mr. Musciano owned and retired from the Sterling Tile Company of Somerdale, NJ. He was counted a member of both the Lion's Club and the Pearl Harbor Survivors' Club, and was a devoted husband, father, grandfather, great-grandfather, and brother. He will be sorely missed.

Mr. Speaker, Mario Guilio Musciano was a great man who exemplified the American spirit. I join the people of Somerdale and all of South Jersey in honoring the life of this exceptional man.

U.S. VIRGIN ISLANDS NEED FOR EMERGENCY ENERGY RELIEF

HON. DONNA M. CHRISTENSEN

OF THE VIRGIN ISLANDS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, December 4, 2012

Mrs. CHRISTENSEN. Mr. Speaker, I rise today to introduce the Virgin Islands Energy Crisis Relief Act of 2012. In January of this year, the HOVENSA Oil Refinery located on St. Croix in my Congressional district the U.S. Virgin Islands, announced that it would cease refinery operations because of the global economic slowdown, the addition of new refining capacity in emerging markets and the current low domestic price of natural gas. This announcement was an economic gut blow to the U.S. Virgin Islands not only because of its overall impact; a potential \$580 million reduction in direct gross economic output and \$92 million in overall government tax revenues beginning in FY 2012; and the direct termination of 2,471 employees and subcontractors which represents 12% of total employment and 27% of average gross pay of the private sector on St. Croix; but because of the crippling threat to energy affordability which inhibits economic growth and sustainability.

The HOVENSA refinery, which was one of the ten largest in the world, provided four percent of its refinery products in the form of gasoline, diesel, jet and propane fuel to the U.S. Virgin Islands. The HOVENSA refinery provided at least 90% of energy for the Virgin Islands Water and Power Authority, which received fuel to power the utility at a reduced cost based on the average cost of crude delivered to the refinery or \$2.00 less than the New York harbor landed fuel of the same type. The refinery also supplied most of the territory's gasoline service stations also at a reduced cost. According to VIWAPA, 76% of its costs are for the purchase of fuel. Even so, Virgin Islands residents and businesses pay electric power rates in the range of 44 to 48 cents per kilowatt hour, among the highest energy costs in the nation.

The greatest threat to the Virgin Islands economy and way of life posed by the closing of the HOVENSA refinery is energy afford-

ability. While HOVENSA has agreed to supply fuel to the end of 2012, the Virgin Islands is in need of emergency relief in order to stabilize the cost of water and electricity to its business and residential consumers in the near future. In his 2012 State of the Territory address, Governor John deJongh said: "Without reliable electricity and water there will be no new businesses. Without reliable electricity and water, we will have no economic development, fewer jobs and lower revenues, all contributing to a downward spiral."

In light of the potential for economic catastrophe that currently exists, we are exploring an emergency appropriation for the purpose of stabilizing the economy of the Virgin Islands for a period of time, by subsidizing the cost of fuel, which the utility passes on to the consumer, both residential and business, through a funding mechanism called the Levelized Energy Adjustment Clause, known locally as the LEAC.

In recent months, the Government of the Virgin Islands and the utility, the Virgin Islands Water and Power Authority, have moved to implement a series of initiatives aimed at stabilizing the energy situation in the territory. They have published an Energy Action Plan that lists the following as its strategy to meeting the islands needs for energy. It includes:

Implementing measures to enhance production efficiency at existing power generation facilities;

Converting base load power production from fuel oil to liquefied natural gas or liquefied petroleum gas;

Developing grid interconnection between the Virgin Islands and Puerto Rico;

Maximizing the development of solar and wind resources;

Pursuing biomass energy and ocean thermal energy as potential diversification of base load energy.

While noteworthy, all of these goals are long term solutions that do not address the impact to homes, businesses and the entire Virgin Islands economy in the short term, hence the request for emergency relief. The Virgin Islands Energy Crisis Relief Act is aimed at lowering the cost of fuel to utility and therefore to the consumer; facilitating the conversion of the existing plant to utilize liquefied natural or liquefied petroleum gas; and increasing the number of residents who qualify for relief through the Low Income Home Energy Assistance Act (LIHEAP).
